COMMENTARY ON SECTIONS

Part 3: Recognition of Awarding Bodies

Section 10: Rules about applications for recognition

26. This section requires Qualifications Wales to make and publish the rules that awarding bodies need to follow in making their application for recognition to Qualifications Wales. These rules may specify, for example, how applications must be made and any fees to be paid for dealing with the application – providing such a fee has been included in a published scheme approved by the Welsh Ministers (under section 49).
