2022 asp 7

The Bill for this Act of the Scottish Parliament was passed by the Parliament on 21st June 2022 and received Royal Assent on 28th July 2022

An Act of the Scottish Parliament to make provision about the effect of coronavirus on the calculation of the net annual value and rateable value of lands and heritages for the purpose of non-domestic rates.

1 Effect of coronavirus on net annual values and rateable values of lands and heritages

- (1) In calculating the net annual value or rateable value of any lands and heritages in respect of which a relevant determination is made, no account is to be taken of any matter occurring on or after 2 April 2020 that is (whether directly or indirectly) attributable to coronavirus.
- (2) But subsection (1) does not apply to taking account of the physical state of the lands and heritages in respect of which the relevant determination is made, including whether that state affects the mode or category of occupation of the lands or heritages.
- (3) For the purposes of subsection (1), where a matter attributable to coronavirus first occurs before 2 April 2020 and continues to occur on or after 2 April 2020, no account is to be taken of that matter from on or after 2 April 2020.
- (4) For the purposes of this section, a “relevant determination”—
 - (a) means a calculation of the net annual value, altered net annual value, rateable value or altered rateable value of any lands and heritages, or some part of lands and heritages, for the purposes of any entry in the valuation roll, but
 - (b) does not include a determination as to whether any lands and heritages, or some part of lands and heritages, are or are not to be included in the valuation roll.
- (5) For the purposes of this section, matters that are attributable to coronavirus include (but are not limited to)—
 - (a) anything done by any person—
 - (i) with a view to compliance with any legislation which concerns the incidence or spread of coronavirus,

Status: This is the original version (as it was originally enacted).

- (ii) with a view to compliance with any legislation for reasons relating to the incidence or spread of coronavirus, or
 - (iii) in response to, or otherwise in consequence of, any advice or guidance given by a public authority relating to the incidence or spread of coronavirus, and
- (b) any change—
- (i) in the rent of the lands and heritages in respect of which a relevant determination is made (or any other lands and heritages) that is attributable to coronavirus, or
 - (ii) in the level of valuations generally or in the value of lands and heritages generally that is attributable to coronavirus.

2 Alteration of valuation roll

- (1) The assessor for each valuation area must, in respect of that area—
- (a) apply the rule imposed by section 1(1) to the valuation roll, and
 - (b) make any resulting change to the net annual value or the rateable value of any lands and heritages.
- (2) This section applies both—
- (a) while the valuation roll is in force, and
 - (b) after the valuation roll ceases to be in force.
