

Patient Safety Commissioner for Scotland Act 2023

2023 asp 6

PROSPECTIVE

Purpose and principles

2 Functions

- (1) The Commissioner's general functions are—
 - (a) to advocate for systemic improvement in the safety of health care, and
 - (b) to promote the importance of the views of patients and other members of the public in relation to the safety of health care.
- (2) In exercising those functions, the Commissioner may in particular—
 - (a) gather information, for example patient feedback, relating to the safety of health care,
 - (b) keep under review, analyse and report on information obtained,
 - (c) make recommendations for systemic improvements in the safety of health care,
 - (d) promote public awareness of safety practices in relation to health care,
 - (e) promote co-ordination among health care providers and public authorities with functions that relate to health care.
- (3) It is not the Commissioner's role to resolve, or facilitate the resolution of, grievances arising from past incidents; accordingly, the Commissioner has no power to—
 - (a) make awards, or provide any other form of redress, for harms suffered,
 - (b) assist individuals in seeking redress for harms suffered,
 - (c) opine on the action that another person ought to take in respect of an individual in light of a past incident.
- (4) Nothing in [subsection \(3\)](#) precludes the Commissioner from investigating past incidents in order to inform the actions that the Commissioner, and others, may take to effect systemic improvement in the safety of health care.
