TITLE II

RULES ON PUBLIC CONTRACTS

CHAPTER III

Conduct of the procedure

Section 3

Choice of participants and award of contracts

Subsection 2

Reduction of numbers of candidates, tenders and solutions

Article 65

Reduction of the number of otherwise qualified candidates to be invited to participate

1 In restricted procedures, competitive procedures with negotiation, competitive dialogue procedures and innovation partnerships, contracting authorities may limit the number of candidates meeting the selection criteria that they will invite to tender or to conduct a dialogue, provided the minimum number, in accordance with paragraph 2, of qualified candidates is available.

2 The contracting authorities shall indicate, in the contract notice or in the invitation to confirm interest, the objective and non-discriminatory criteria or rules they intend to apply, the minimum number of candidates they intend to invite and, where appropriate, the maximum number.

In the restricted procedure the minimum number of candidates shall be five. In the competitive procedure with negotiation, in the competitive dialogue procedure and in the innovation partnership the minimum number of candidates shall be three. In any event the number of candidates invited shall be sufficient to ensure genuine competition.

The contracting authorities shall invite a number of candidates at least equal to the minimum number. However, where the number of candidates meeting the selection criteria and the minimum levels of ability as referred to in Article 58(5) is below the minimum number, the contracting authority may continue the procedure by inviting the candidates with the required capabilities. In the context of the same procedure, the contracting authority shall not include economic operators that did not request to participate, or candidates that do not have the required capabilities.

Article 66

Reduction of the number of tenders and solutions

Where contracting authorities exercise the option of reducing the number of tenders to be negotiated as provided for in Article 29(6) or of solutions to be discussed as provided for in Article 30(4), they shall do so by applying the award criteria stated in the procurement documents. In the final stage, the number arrived at shall make for genuine competition in so far as there are enough tenders, solutions or qualified candidates.
