(2) Where, as respects land comprised in an access agreement, it is represented to the Secretary of State that the conditions specified in paragraph (a), (b) or (c) of the foregoing subsection are fulfilled, and the Secretary of State is satisfied as stated in that subsection, then subject to the provisions of this section—

- (a) the Secretary of State shall notify to the authority by whom the agreement was made the fact that he is satisfied as aforesaid, and thereupon the authority shall vary the agreement so as to exclude the land;
- (b) the fact that the agreement is expressed to be irrevocable shall not prevent its variation so as to exclude the land; and
- (c) if the concurrence of any party to the agreement other than the said authority, or of the successor in title to his interest, cannot be obtained to the variation of the

agreement as aforesaid, the authority may by order made with the approval of the Secretary of State vary the agreement.

(5) In determining whether the conditions specified in paragraph (a), (b) or (c) of subsection (1) above are fulfilled in the case of any proposed access order, the Secretary of State shall have regard to the provisions of section 11(3) above; and references in this section to varying an agreement or order so as to exclude land shall include references to varying an agreement or order by the imposition of such restrictions under the said section 11(3) as may be specified by the Secretary of State as requisite for the purposes of this section.

Provided that any such agreement, order or instrument shall not be so enforceable against a third party who shall have in good faith and for value acquired right (whether completed by infetment or not) to the land or to the relevant interest therein prior to the agreement, order or instrument being recorded as aforesaid, or against any person deriving title from such third party.

- (c) require, or authorise any person to require, any work to be carried out at the expense of any person interested in the land except as hereafter in this section expressly provided.

(4) Where it appears to the local planning authority in whose area the land is situated that any work is required for giving effect to any such provision of an access agreement or order as is specified in paragraphs (a), (b), (c) and (e) of subsection (2) above, the authority may agree with the owner and occupier of the land as to the carrying out of the work, and where it is agreed that it shall be carried out otherwise than by the authority may defray the cost of the carrying out thereof, or may contribute such part of that cost as may be specified in the agreement.

## PART II

by them in carrying out the work, reduced by their contribution under the agreement, from the person by whom under the agreement the cost (apart from the authority's contribution) of carrying out the work would fall to be borne.

(6) In this section the expression "means of access," in relation to land, means any opening in a wall, fence or hedge bounding the land or any part thereof, with or without a gate, stile or other works for regulating passage through the opening, any stairs or steps for enabling persons to enter on the land or any part thereof, or any bridge, stepping stone or other works for crossing a water-course, ditch or bog on the land or adjoining the boundary thereof.

planning  
authority  
to enforce  
access.

**18.**—(1) If any person contravenes the provisions of section 16(1) above, or any such restriction as is specified in paragraph (d) of subsection (2) of the last foregoing section, any local planning authority whose area includes land in respect of which the contravention occurred may serve on that person a notice requiring him, within such period as may be specified in the notice, to carry out such work so specified as may appear to the authority to be requisite for remedying the contravention, being work for restoring or re-opening any means of access or for providing new means of access.

(2) If within the period specified in a notice under the foregoing subsection the person on whom the notice is served fails to comply therewith, the local planning authority may take all necessary steps for carrying out the work specified in the notice and may recover from that person any expenses reasonably incurred by them in carrying it out.

(3) Any person on whom a notice is served under subsection (1) above may, at any time within the period specified in the notice for carrying out the work so specified, appeal against the notice to the sheriff on the ground—

- (a) that the period specified as aforesaid is too short ;
- (b) that the work specified in the notice, or some of that work, is not requisite for remedying the contravention ;
- (c) that he has not contravened the provisions or restriction in question ; or
- (d) that the work specified in the notice, or so much of the work as is requisite for remedying the contravention, has been carried out.

(4) On any such appeal the sheriff, if satisfied of the grounds of the appeal, may—

- (a) extend the period within which the work was required to be carried out by the notice, or

(b) quash the notice as respects the whole or any part of the work specified therein,

as the nature of the appeal may require ; but if not so satisfied shall dismiss the appeal.

(5) The sheriff on such an appeal to him may, and if so directed by the Court of Session shall, state a case for the opinion of that Court on any question of law arising in the proceedings, and an appeal shall lie to the Court of Session on any question of law from the decision of the sheriff.

(6) Where an appeal is taken under this section, the time between the taking of the appeal and the final determination thereof shall be disregarded in determining the period within which, in accordance with the notice, the work specified therein is to be carried out.

19. If the Secretary of State is satisfied that, by reason of any conditions of weather for the time being prevailing, public access to land comprised in an access agreement or order or any part thereof is likely to result in fires occurring thereon, he may direct that section 11(1) above shall not have effect in relation to such parts of the land and during such period as may be specified in the direction.

Suspension of public access to avoid risk of fire.

20. Where the value of the interest of any person in land is depreciated, or any person has suffered damage by being disturbed in his enjoyment of land, in consequence of the coming into operation of an access order, then subject to the following provisions of this Part of this Act the local planning authority in whose area the land comprised in the order is situated shall pay to that person compensation equal to the amount of the depreciation or damage:

Compensation for access orders.

Provided that nothing in this section shall confer on a person a right to compensation for depreciation of the value of an interest in land or for disturbance in his enjoyment of land, being land which in either case is not comprised in the order or if so comprised is excepted land, except if and in so far as either—

- (a) it is held with land comprised in the order which is not excepted land, or
- (b) the omission of any other person to exclude the public from the land comprised in the order or any part thereof would have been actionable at the instance of the first-mentioned person if the access order had not come into operation.

## PART II

Compensation to be assessed with regard to effect of first five years of access.

**21.**—(1) For the purpose of enabling compensation under the last foregoing section to be assessed in the light of experience gained of the actual effect on land of the coming into operation of access orders, any such compensation shall not, save as hereinafter provided, be claimed or payable before the expiration of a period of five years from the coming into operation of the order giving rise to the compensation (in this and the next following section referred to as “the relevant order”).

(2) Nothing in the foregoing subsection shall be construed as requiring such compensation to be assessed as at a date later than the date of the coming into operation of the relevant order; but in calculating the compensation it shall be assumed that on a sale at that date of the interest in respect of which the compensation is claimed, the purchaser would have had knowledge—

- (a) of the actual effect during the said period, on the land in which the said interest subsists and the use of that land, of the coming into operation of the relevant order;
- (b) of the fact and date of any revocation or variation during that period of the relevant order;
- (c) of the fact and date of any changes during that period, as respects land comprised in the relevant order, from or to excepted land.

(3) If during the said period of five years the relevant order is revoked or varied so as to exclude from the operation thereof any land not being excepted land, the foregoing provisions of this section shall thereupon have effect, so far as concerns any claim for compensation in respect of the operation of the relevant order as respects the said land, as if for any reference to the said period of five years there were substituted a reference to the period beginning with the coming into operation of the relevant order and ending with the said revocation or variation.

(4) Where at different times within a period of five years two or more areas of land which are contiguous or adjacent to one another become comprised in access orders, and any person has an interest in each of those areas, then, with consent of every person having an interest in each of the areas other than the one first so comprised, the foregoing provisions of this section shall apply in relation to each of the last-mentioned areas with the substitution for any reference to the period of five years from the coming into operation of the order by virtue of which that area became so comprised as aforesaid of a reference to a period of five years from the coming into operation of the order by virtue of which the first of the areas became so comprised.

**22.**—(1) Any person claiming to be entitled to an interest in land in respect of the depreciation or the disturbance in the enjoyment of which compensation will become payable under section 20 above may apply to the local planning authority by whom the compensation will be payable to record his claim; and where an application is duly made under this subsection the authority shall record the claim accordingly in such manner as may be prescribed.

PART II  
Claims for  
compensation  
and interest.

(2) An application under the foregoing subsection shall be made in such manner and within such period (not being less than three months) after the date when the relevant order came into operation as may be prescribed, and shall be accompanied by such particulars of the interest in land in respect of which it is made as may be prescribed:

Provided that nothing in this subsection shall authorise the imposition of any requirement that an applicant under the foregoing subsection shall state the amount of the compensation.

(3) Within such period as may be prescribed (not being less than three months) after the end of the period after which under the last foregoing section compensation may be claimed, any person who has applied under subsection (1) above for the recording of a claim to compensation, or any person claiming under him in respect of that compensation, may apply to the local planning authority, in such manner as may be prescribed, for the payment of the compensation.

(4) An application under the last foregoing subsection shall state the amount of compensation claimed by the applicant; and the application shall be accompanied by such evidence of the title of the applicant to the compensation as may be prescribed.

(5) Any compensation payable under section 20 above shall become due when, on an application for the payment thereof duly made under subsection (3) above, the amount of the compensation has been agreed or, in default of agreement, has been determined in manner provided under section 70 below; and any such compensation shall be payable with interest, at such rate as may be prescribed, from the date on which the relevant order came into operation to the date at which the compensation is paid.

**23.**—(1) At any time during the period after which, under section 21 above, compensation may be claimed in respect of the coming into operation of an order, a person claiming to be entitled to such compensation may apply to the local planning

## PART II

(2) Any person aggrieved by the refusal of a local planning authority to make a payment on account under the last foregoing subsection, or by their determination thereunder of the amount of the payment to be made to him, may appeal to the Secretary of State; and the Secretary of State, after affording to the said person and to the authority an opportunity of being heard by a person appointed by the Secretary of State for the purpose, may either confirm the decision of the authority or direct that they shall make a payment on account of such amount as appears to the Secretary of State to be just.

planning  
authorities  
of land for  
public access.

**24.**—(1) Where it appears to a local planning authority, as respects any land in their area which is or which gives or forms part of access to open country,—

- (a) that it is requisite that the public should have access to that open country for open-air recreation; and
- (b) that in the circumstances it is expedient that for that purpose the land should be acquired by the local planning authority,

the authority, if it appears to them impracticable to obtain such access by an access agreement or access order, may, with the consent of the Secretary of State, acquire the land by agreement, whether by way of purchase, feu, lease or excambion, or acquire the land compulsorily.

(2) A local planning authority may carry out on land acquired by them for the purposes of this section, and for the time being held by them for those purposes, such work as they may consider requisite for providing convenient means of access to the land or otherwise for the said purposes.

(3) While land acquired by a local planning authority under this section is held by them for the purposes thereof, it shall be the duty of the authority so to manage the land as to give to the public access for open-air recreation to so much thereof as appears to the authority to be practicable, having regard to the nature of the different parts of the land, to anything done thereon which may result in danger to the public or to persons employed thereon unless public access to the land or to adjoining land is restricted, and to all other relevant circumstances.

**25.**—(1) Where it appears to the Secretary of State, as respects any land which is or which gives or forms part of access to open country—

PART II  
Acquisition  
by Secretary  
of State of

- (b) that in the circumstances it is expedient that for that purpose the land should be acquired by him,

the Secretary of State may, with the consent of the Treasury, acquire the land by agreement, whether by way of purchase, feu, lease or excambion, or acquire the land compulsorily.

(2) Unless in any particular case the Secretary of State otherwise determines, any land acquired by the Secretary of State under this section shall be transferred to such other persons on such trusts or subject to such conditions as may appear to him expedient for securing to the public access for open-air recreation to so much thereof as appears to the Secretary of State to be practicable, having regard to the matters mentioned in subsection (3) of the last foregoing section.

(3) Subject to the provisions of the last foregoing subsection, the transfer of land under that subsection may be on such terms as to payment or otherwise as may, with the consent of the Treasury, be provided for by the arrangements for the transfer ; and where the arrangements so provide the Secretary of State may defray or contribute to the cost of managing the land while it is managed in accordance with the trusts or conditions referred to in the last foregoing subsection.

(4) The Secretary of State may carry out on land acquired by him for the purposes of this section, and for the time being held by him for those purposes, such work as he may consider requisite for providing convenient means of access to the land or otherwise for the said purposes, or may arrange for any such work to be carried out by persons to whom the land is transferred.

(5) The Secretary of State may defray the cost of managing any land acquired by him under this section and not transferred to other persons.

- (b) notices specifying any restrictions on access to the land or any part thereof, whether the restrictions have effect by virtue of any of the provisions of this Part of this Act or otherwise.

Provisions as to danger areas.

**27.**—(1) The authority making an access agreement or order shall, after consulting with the owner and occupier of any land concerned, so delimit the land to which the agreement or order applies as to exclude all land which, by reason of anything done thereon or on other land contiguous or adjacent thereto, it appears to the authority expedient to exclude for the purpose of avoiding danger to the public or to persons employed on any of the said land.

(2) Where, while an access agreement or order is in force, the authority by whom the agreement or order was made are satisfied, as respects any land to which the agreement or order applies, that by reason of anything done or proposed to be done on that land or on other land contiguous or adjacent thereto it is expedient for the purpose aforesaid that the first-mentioned land should be excluded from the operation of the agreement or

order, the authority shall vary the agreement or order so as to exclude that land.

(3) The fact that an access agreement is expressed to be irrevocable shall not prevent its variation in pursuance of the last foregoing subsection; and where the concurrence of any party to an access agreement other than the said authority, or of the successor in title to his interest, cannot be obtained to the variation of the agreement in pursuance of that subsection, the said authority may by order made with the approval of the Secretary of State vary the agreement.

(5) The provisions of the last foregoing subsection shall apply to the Secretary of State as respects land for the time being held by him under section 25 above as they apply to a local planning authority as respects land held by them.

(6) The application of section 11 above to any land shall not, in relation to any factory, magazine, store or premises already established, constitute the land an open place of resort for the public, or a public place, for the purposes of the Explosives Acts 1875 and 1923, or any order made or licence granted thereunder.

(2) An agreement made under the foregoing subsection (in this Act referred to as a “public path creation agreement”) shall be on such terms as to payment or otherwise as may be specified in the agreement, and may, if it is so agreed, provide for the creation of the public path subject to limitations or conditions affecting any public right of way thereover.

(3) In this Part of this Act “public path” means a way which is a footpath or bridleway or a combination of those.

Compulsory  
powers for  
creation of  
public paths.

- (a) the extent to which the path would add to the convenience or enjoyment of a substantial section of the public, or to the convenience of persons resident in the area, and
- (b) the effect which the creation of the path would have on the rights of persons interested in the land, account being taken of the provisions as to compensation contained in section 37 below,

it is expedient that the path should be created, the authority, if it appears to them impracticable to create the path by means of a public path creation agreement, may by order (in this Act referred to as a “public path creation order”) made by them and submitted to and confirmed by the Secretary of State create a public path.

(2) A right of way created by a public path creation order may be either unconditional or subject to such limitations or conditions as may be specified in the order, and the Secretary of State may confirm such an order subject to such modifications or conditions as he thinks fit.

(3) A public path creation order shall be in such form as may be prescribed and shall contain a map, on such scale as may be prescribed, defining the land over which a public path is thereby created.

(4) The provisions in that behalf of Schedule 3 to this Act shall apply to the making, confirmation, validity and date of operation of public path creation orders.

PART III

powers under  
ss. 30 and 31.

(2) Where a proposed public path lies partly within and partly outside the area of a local planning authority, the powers conferred by the two last foregoing sections on the authority shall extend to the whole of the path as if it lay wholly within their area:

Provided that, in relation to so much of the path as lies outside the area of the authority, the said powers shall not be exercisable as respects any part thereof in the area of any other local planning authority, except with the consent of that authority.

(3) Where it appears to the Secretary of State in any particular case that there is need for a public path as mentioned in section 31(1) above, and he is satisfied as mentioned in that subsection, the Secretary of State after consultation with every local planning authority in whose area the proposed public path will lie and with the Commission where any part of the proposed public path will lie within an area of special planning control, may direct any such authority to make and submit to him a public path creation order creating the public path or may himself make the order, and in relation to any order made in accordance with the provisions of this subsection, the proviso to the last preceding subsection shall not apply.

**33.**—(1) On the creation of a public path in pursuance of a public path creation agreement, or on the coming into operation of a public path creation order or public path diversion order, the local planning authority shall carry out such work as appears to them to be necessary to bring it into a fit condition for use by the public as a public path in conformity with the terms and conditions of the said agreement or order, as the case may be, and shall maintain it in such condition.

(3) If the local planning authority are not satisfied with a certificate made under subsection (2) above, the Secretary of State shall either cause a local inquiry to be held or shall give to the local planning authority an opportunity of being heard by a person appointed by him for the purpose, and, after considering the report of the person appointed to hold the inquiry or the person appointed as aforesaid, shall make such order either confirming or varying the certificate as he may think fit.

## PART III

(4) Subject to the provisions of subsection (3) above, it shall be the duty of the local planning authority to carry out the work specified in a certificate made under subsection (2) above.

## Closure of public paths.

34.—(1) Where it appears to a local planning authority as respects a public path in their area that it is expedient that the path should be closed on the ground that the path is not needed for public use, the authority may by order (in this Act referred to as a “public path extinguishment order”) made by them and submitted to and confirmed by the Secretary of State extinguish the right of way over the path.

(2) The Secretary of State shall not confirm a public path extinguishment order unless he is satisfied that it is expedient so to do having regard to the extent to which it appears to him that the path would, apart from the order, be likely to be used by the public, and having regard to the effect which the extinguishment of the right of way would have as respects land served by the path, account being taken of the provisions as to compensation contained in section 37 below.

(3) A public path extinguishment order shall be in such form as may be prescribed and shall contain a map, on such scale as may be prescribed, defining the land over which the right of way is thereby extinguished.

(4) Schedule 3 to this Act shall have effect as to the making, confirmation, validity and date of operation of public path extinguishment orders.

(5) Where in accordance with regulations made under paragraph 3 of the said Schedule proceedings preliminary to the confirmation of a public path extinguishment order are taken concurrently with proceedings preliminary to the confirmation of a public path creation order or of a public path diversion order made under the next following section then, in considering—

- (a) under subsection (1) above whether the path to which the public path extinguishment order relates is needed for public use, or
- (b) under subsection (2) above to what extent that path would apart from the order be likely to be used by the public,

the local planning authority or the Secretary of State, as the case may be, may have regard to the extent to which the public path creation order or the public path diversion order would provide an alternative path.

(6) For the purposes of subsections (1) and (2) above, any temporary circumstances preventing or diminishing the use of a path by the public shall be disregarded.

35.—(1) Where an owner, tenant or occupier of land crossed by a public path satisfies the local planning authority in whose area the land is situated that for securing the efficient use of the land or of other land held therewith or providing a shorter or more convenient path across his land, it is expedient that the line of the path across his land, or part of that line, should be diverted (whether on to other land of his or on to land of another owner, tenant or occupier), the authority may by order (in this Act referred to as a “ public path diversion order ”) made by them and submitted to and confirmed by the Secretary of State—

- (a) create, as from such date as may be specified in the order, any such new public path as appears to the authority requisite for effecting the diversion, and
- (b) extinguish, as from such date as may be so specified in accordance with the provisions of the next following subsection, the right of way over so much of the path as appears to the authority requisite as aforesaid.

(2) Where it appears to the authority that work requires to be done to provide necessary facilities for the convenient use of any such new public path as is mentioned in subsection (1)(a) above, the date specified under subsection (1)(b) above shall be later than the date specified under subsection (1)(a) above by such time as appears to the authority requisite for enabling the work to be carried out.

(3) A right of way created by a public path diversion order may either be unconditional or may (whether or not the right of way extinguished by the order was subject to limitations or conditions of any description) be subject to such limitations or conditions as may be specified in the order, and the Secretary of State may confirm the order subject to such modifications or conditions as he thinks fit.

(4) Before determining to make a public path diversion order on the representation of an owner, tenant or occupier, the authority may require him to enter into an agreement with them to defray, or to make such contribution as may be specified in the agreement towards—

- (a) any compensation which may become payable under section 37 below ;
- (b) any expenses which any local planning authority may incur in bringing the new site of the path into a fit condition for use by the public.

(5) The Secretary of State shall not confirm a public path diversion order unless he is satisfied that the diversion to be effected thereby is expedient as mentioned in subsection (1) above, and further that the path will not be substantially less

## PART III

convenient to the public in consequence of the diversion and that it is expedient to confirm the order having regard to the effect which—

- (a) the diversion would have on public enjoyment of the path as a whole,
- (b) the coming into operation of the order would have as respects other land served by the existing right of way, and
- (c) any new right of way created by the order would have as respects the land over which the right is so created and any land held therewith,

so, however, that for the purposes of paragraphs (b) and (c) of this subsection the Secretary of State shall take into account the provisions as to compensation of section 37 below.

(6) A public path diversion order shall be in such form as may be prescribed and shall contain a map, on such scale as may be prescribed, showing the existing site of so much of the line of the path as is to be diverted by the order and the new site to which it is to be diverted, and indicating whether a new right of way is created by the order over the whole of the new site or whether some part thereof is already comprised in a public path and, in the latter case, defining the part thereof so comprised.

(7) Schedule 3 to this Act shall have effect as to the making, confirmation, validity and date of operation of public path diversion orders.

Exercise of powers under sections 34 and 35.

**36.**—(1) Subject to the provisions of this section, section 32(1) and (2) above shall apply in the exercise of the powers conferred by the two last foregoing sections in relation to any public path as they apply in the exercise of the powers referred to in the said subsections.

(2) Where it appears to the Secretary of State as respects a public path that it is expedient as mentioned in section 34(1) above that the path should be closed, or where an owner, tenant or occupier of land crossed by a public path satisfies the Secretary of State that a diversion thereof is expedient as mentioned in section 35(1) above, then if—

- (a) no local planning authority in whose area the public path lies have made or submitted to him a public path extinguishment order or a public path diversion order, as the case may be, and
- (b) the Secretary of State is satisfied that, if such an order were made and submitted to him, he would have power to confirm the order in accordance with the provisions in that behalf of the two last foregoing sections,

the Secretary of State, after consultation with every such authority, may direct any such authority to make and submit to him a public path extinguishment order or a public path diversion order, as the case may be, or may himself make the order and, in relation to any order made in accordance with the provisions of this subsection, the proviso to section 32(2) above shall not apply.

(3) In relation to a public path diversion order made in accordance with the provisions of the last foregoing subsection, the Secretary of State or the authority, as the case may be, shall have the power conferred by section 35(4) above.

37.—(1) Subject to the following provisions of this section, if, on a claim made in accordance with this section, it is shown that the value of an interest of any person in land is depreciated, or that any person has suffered damage by being disturbed in his enjoyment of land, in consequence of the coming into operation of a public path creation order, a public path diversion order or a public path extinguishment order, the authority by whom the order was made shall pay to that person compensation equal to the amount of the depreciation or damage.

Compensation for creation, diversion and closure of public paths.

(2) A claim for compensation under this section shall be made within such time and in such manner as may be prescribed and shall be made to the authority by whom the order was made.

(3) For the purposes of the application of this section to an order made by the Secretary of State under section 32(3) or section 36(2) above, references in this section to the authority by whom the order was made shall be construed as references to the authority who, immediately before the making of the order, were, for the purposes of the said section 32(3) or 36(2) the appropriate authority in relation to the making of an order for the creation, diversion or closure of the public path or part of a public path to which the order relates.

(4) Nothing in this section shall confer on any person, in respect of a right of way created by a public path creation order or a public path diversion order, a right to compensation for depreciation of the value of an interest in land, or for disturbance in his enjoyment of land, not being in either case land over which the right of way was created or land held therewith, unless the creation of the right of way would have been actionable at his instance if it had been effected otherwise than in the exercise of statutory powers.

(4) Every public path creation agreement, public path creation order, public path extinguishment order and public path diversion order shall contain a particular description of the lands affected or a description by reference of those lands in the manner provided by section 61 of the Conveyancing (Scotland) Act 1874.

the condition that there are included in the order such provisions for the protection of the undertakers as they may reasonably require.

The consent of statutory undertakers to any such order shall not be unreasonably withheld, and any question arising under this subsection whether the withholding of a consent is unreasonable or whether any requirement is reasonable shall be determined by the appropriate Minister within the meaning of section 113(1) of the Act of 1947.

Provided that if any person entitled to land over which the path subsisted requires that the telegraphic line shall be altered, paragraphs (1) to (8) of section 7 of the Telegraph Act 1878 shall apply to the alteration, and accordingly shall have effect, subject to any necessary modifications, as if references therein to undertakers included references to the person so requiring the line to be altered. 1878 c. 76.
