MENTAL CAPACITY ACT 2005

EXPLANATORY NOTES

COMMENTARY ON SECTIONS

Part 1: Persons Who Lack Capacity

Lasting powers of attorney

Section 11: Lasting powers of attorney: restrictions

- 57. Subsections (1) to (4) place restrictions on the use of restraint by attorneys, matching those applying in relation to "section 5 acts" (see section 6) and deputies (see section 20). Restraint can only be used to prevent harm, and must be proportionate. Subsection (6) makes clear that for section 11 a deprivation of liberty within the ECHR meaning amounts to more than mere restraint.
- 58. Further restrictions are set out in *subsection* (7). An attorney cannot act where the donor has capacity, or where the donor has made a qualifying advance decision (*see sections* 24 to 26). *Subsection* 7(c) has to be read with *subsection* (8). Thus, although an attorney may give or refuse consent to the carrying out or continuation of health care, this would not extend to refusing life-sustaining treatment unless the LPA expressly said so, and is subject to any conditions or restrictions in the LPA.
