COMMENTARY ON SECTIONS

Part 2 – Care standards

Regulated activities

Section 95 – Training for persons working in regulated activity

535. This section amends section 20 of the 2008 Act to enable the Secretary of State, through regulations, to specify the people or organisations that can set training standards for specific groups of workers. In this context, this section will allow the Government to specify in regulations: the person who sets the training standards and to whom those standards apply. Groups to whom these standards could apply include healthcare assistants and social care support workers.
