(3) If a person who is registered in the Register of Pharmacists fails to comply with rules made under paragraph (1) in respect of applications for retention in that register, or there is a failure to comply with such rules in respect of him, the failure may be treated as misconduct for the purposes of article 48(1)(a) and the Registrar shall consider, in accordance with article 49(1), whether or not to refer the matter to the relevant fitness to practise committee.

(4) As regards an exempt person (“E”) who is making an application for entry in the Register of Pharmacists, the Registrar shall accept as sufficient evidence that his fitness to practise is not impaired a document—

20.—(1) A person commits an offence if—

- (a) he falsely represents that—

- (b) makes or has in his possession any document closely resembling such a certificate,

for fraudulent purposes, he commits an offence.

 - (ii) the second part shall be known as “Part 2 – Non-practising Pharmacy Technicians”.

Entitlement to registration in the Register of Pharmacy Technicians

22.—(1) Subject to the provisions of and rules under this Order, a person shall be entitled to be registered in the Register of Pharmacy Technicians if—

- (a) he satisfies the Registrar that—
 - (i) he is appropriately qualified within the meaning given in article 23(1),
 - (ii) his fitness to practise is not impaired,
 - (iii) before registration, where necessary, he has met such requirements as to additional education, training or experience as are appropriate to his case, and

- (iv) after registration, he meets such requirements as to continuing professional development as are appropriate to his case; and
- (b) he has paid any fee prescribed under article 40(1)(a) or (b) that relates to his registration in that register.

(2) A person who is entitled to be registered in the Register of Pharmacy Technicians is to be registered in Part 1 of that register unless he has given to the Society, in the form determined by the Registrar (which may be varied from time to time), an undertaking not to practise in England, Wales, the Channel Islands or the Isle of Man, in which case he is to be registered in Part 2 of that register.

Preregistration requirements for pharmacy technicians in respect of qualifications and additional education, training or experience

23.—(1) For the purposes of article 22(1)(a)(i), a person is “appropriately qualified” if—

- (a) he has a qualification awarded in England or Wales which has been approved by the Society as attesting to a standard of proficiency which, in the Society’s opinion, indicates that he has reached an adequate level of understanding for practising as a pharmacy technician;
- (b) he is an exempt person and he has a right to practise as a pharmacy technician by virtue of the Second General System Regulations (having successfully completed any adaptation period or aptitude test that he may be required to complete pursuant to those Regulations); or
- (c) he has, elsewhere than in England or Wales, undergone training as a pharmacy technician, and—
 - (i) he holds a qualification which has been approved by the Society as attesting to a standard of proficiency which, in the Society’s opinion, indicates that the person has reached an adequate level of understanding for practising as a pharmacy technician, or
 - (ii) he holds a qualification which—
 - (aa) in the case of an exempt person who does not have the right to practise referred to in sub-paragraph (b), taken together with his additional education, training or experience acquired elsewhere than in England or Wales (but at least in part within the European mutual recognition area) indicates, in the Society’s opinion, that he has reached an adequate level of understanding for practising as a pharmacy technician, or
 - (bb) whether or not he is an exempt person, taken together with his additional education, training or experience that the Society requires him to undertake pursuant to article 22(1)(a)(iii), indicates, in the Society’s opinion, that he has reached an adequate level of understanding for practising as a pharmacy technician,

having successfully completed any adaptation period or aptitude test that he may be required to complete pursuant to the Second General System Regulations.

(2) For the purposes of an application for entry in the Register of Pharmacy Technicians, the Registrar shall not require any exempt person to whom paragraph (1)(b) applies to meet any requirements as to additional education, training or experience, unless—

- (a) the application is for restoration to the Register of Pharmacy Technicians; and
- (b) in so doing the Registrar is acting in a manner that is consistent with the requirements of the Treaties and the Second General Systems Directive.

(3) In formulating its opinion under paragraph (1)(c) in relation to an exempt person, the Society shall take into account—

- (a) if the person holds a qualification granted outside the European mutual recognition area which has been accepted by another relevant European State as qualifying him to practise as a pharmacy technician in that State, the acceptance of that qualification; and
- (b) all other qualifications, knowledge and experience, wherever acquired, which are relevant to the determination of the application.

(4) As regards any person to whom paragraph (1)(a) or (c)(i) or (ii)(bb) applies, for the purposes of meeting the requirements of article 22(1)(a)(iii), the Registrar may require him to meet requirements as to additional education which comprise or include reaching an adequate standard of proficiency in the knowledge and use of English, unless he is an exempt person.

- (b) the information to be provided by or in respect of the applicant, including—

 - (iii) his registration in the Register of Pharmacy Technicians has a particular annotation;or
- (b) he uses—
 - (i) subject to paragraph (3), the title “pharmacy technician” or “registered pharmacy technician” without being registered in the Register of Pharmacy Technicians, or

(ii) a title in respect of a particular annotation, which is a prescribed specialist title, where he does not have an entry in the Register of Pharmacy Technicians with that particular annotation.

(2) For the purposes of paragraph (1)(b)(ii), “prescribed specialist title” means a title for a pharmacy technician which the Council prescribes as being a title that is only to be used by a registrant with a particular annotation.

(3) A person may use the title “pharmacy technician” without committing an offence under paragraph (1)(b)(i) until—

(a) the end of a period of two years beginning on the day this article comes into force; or

(b) if—

(i) he has applied to be registered in the Register of Pharmacy Technicians during that two year period, and

(ii) his application (including any appeal) has not been disposed of during that two year period,

his application (including any appeal) has been disposed of.

(4) A person commits an offence if he practises as a pharmacy technician whilst being registered in Part 2 of the Register of Pharmacy Technicians.

PART 4

Matters common to both of the Society’s registers

The Society’s registers

30.—(1) The Council may make such provision in rules in connection with the Society’s registers as it considers appropriate, and may in particular make provision with regard to—

(a) the form and keeping of the Society’s registers and the making of entries, alterations and corrections to them;

(b) the entry or entries for persons using more than one name;

(c) the recording of the date of a person’s registration;

(d) the recording of addresses (including home addresses);

- (e) the recording of titles, qualifications and specialisations (including the recording of those titles, qualifications or specialisations in Welsh, where appropriate);
- (f) the recording of continuing professional development matters; and
- (g) the recording of fitness to practise matters, including warnings issued by a fitness to practise committee.

(2) The Registrar shall cause to be published from time to time in such manner as he sees fit lists comprising information in or derived from entries in the Society's registers, but the lists published in accordance with this paragraph shall not include information in or derived from entries in respect of a person whose registration, at the time of publication, is suspended.

(3) The Council shall determine the form of the publication of the lists mentioned in paragraph (2) and the information that the lists are to contain, which may include—

- (a) a note specifying in which part of the Society's registers a person is registered;
- (b) a person's registration number;
- (c) the area (by reference to a city, town or district) in which a person lives and contact details, but a person's home address shall not be published without his consent;
- (d) a note in respect of fitness to practise matters, including in respect of—
 - (i) any conditions to which a person's registration is subject, and
 - (ii) any warnings regarding his future conduct or performance; and
- (e) a note in respect of a person's specialisations which are the subject of annotations.

(4) Except—

- (a) for the purposes of articles 33 to 35, 37 and 39 and Part 5 (and rules under or that relate to those provisions); and
- (b) in such circumstances or for such other purposes as the Council may prescribe,

if a person's registration in one of the Society's registers is suspended, he shall be treated as not being registered in it, notwithstanding that his name still appears in it.

(5) Accordingly, a pharmacist whose registration in the Register of Pharmacists is suspended is not a registered pharmacist for the purposes of other legislation or the Charter.

Specialisations

31.—(1) The Council may make such provision in rules in connection with annotations to entries in the Society's registers to denote specialisations as it considers appropriate, and may in particular make provision with regard to—

- (a) the types of specialisations that are to be subject to annotations;
- (b) the form and manner in which applications for entering or restoring annotations in respect of specialisations are to be made (and the rules may provide that applicants shall apply using application forms that are in such form as the Council may determine from time to time); and
- (c) the circumstances in which annotations in respect of specialisations are to be entered, retained, removed or restored by the Registrar.

(2) Where the Registrar refuses to enter or removes an annotation in respect of a specialisation, he shall send the person making the application for entering an annotation, or in respect of whom an annotation was removed, at his last known home address a statement in writing notifying him of—

- (a) the reasons for the decision; and
- (b) any right of appeal he has to the Registration Appeals Committee under article 43.

Certificates of registration

32.—(1) Subject to paragraph (3), the Registrar shall, where requested to do so by a registrant or when an application for registration is granted, issue to the registrant free of charge a certificate of registration.

(2) Certificates of registration issued under this article shall be in such form as the Council shall determine from time to time.

(3) The Registrar is not under a duty to issue a further certificate of registration to a person to whom a certificate has already been issued, whether under this article or one of the Pharmacy Acts (even if, in the case of a registrant registered in Part 1 of one of the Society's registers, the certificate which he has does not state the part of the register in which he is registered), unless the person—

- (a) satisfies the Registrar that the original certificate, and any further certificate already issued by him, has been lost or destroyed;
- (b) changes the name under which he practises, or if he does not practise, the name by which he is generally known; or
- (c) has moved to a different part of a register,

and pays to the Society such fee (if any) in respect of the further certificate as is prescribed under article 40(1)(g).

(4) The Council may make such provision in rules as it considers appropriate in connection with the return of certificates of registration which—

(2) If the Registrar—

- (a) sends by post to any registrant a notice addressed to him at his home address on the register enquiring whether he has—

 - (ii) has changed his address,
 and receives no reply within a period of one month beginning on the day of posting the notice; and

the Registrar may remove him from the register.

(2) The Council may make such provision in rules as it considers appropriate in connection with the information to be provided to the Registrar by or in respect of a registrant for the purposes of determining whether his fitness to practise was impaired at the time of his registration because of his involvement in a serious matter or a problem with his physical or mental health.

Guidance in respect of standards of conduct, practice and performance

45.—(1) The Council shall prepare and from time to time publish in such manner as it sees fit guidance as to the standards of conduct, practice and performance expected of registrants.

(2) The Council shall keep guidance published under this article under review and may vary or withdraw its provisions whenever it considers it appropriate to do so.

(3) Before issuing, varying or withdrawing guidance published under this article, the Council shall consult such registrants or classes of registrants as it considers appropriate.

(4) The Society may charge reasonable fees for copies of guidance published under this article.

Disclosure of information: general

46.—(1) For the purpose of assisting the Society (including its Council, its staff and its committees) in carrying out functions in respect of the fitness to practise of—

- (a) a registered pharmacist, a person authorised by the Society may require—
 - (i) any registered pharmacist (except the registered pharmacist against whom the information or document is sought), or
 - (ii) any other person,

in Great Britain who in his opinion is able to supply information or produce any document which appears relevant to the discharge of any such function, to supply the information or produce the document; or

 - (i) any registered pharmacy technician (except the registered pharmacy technician against whom the information or document is sought), or
 - (ii) any other person,

in England or Wales who in his opinion is able to supply information or produce any document which appears relevant to the discharge of any such function, to supply the information or produce the document.

(2) Nothing in paragraph (1) shall require or permit—

- (a) any disclosure of information which is prohibited by or under any enactment, but where that prohibition arises because the information is in a form which allows for the identification of an individual, the person authorised by the Society may require that information to be put in a form which does not allow for the identification of that individual; or

(b) the supplying of information or production of a document which a person could not be compelled to produce in civil proceedings in the High Court or the Court of Session under article 56.

(3) In determining for the purposes of paragraph (2)(a) whether a disclosure of personal data is prohibited, it shall be assumed, for the purposes of section 35(1) of the Data Protection Act 1998⁽²⁴⁾ (disclosures required by law or made in connection with legal proceedings etc.), that disclosure of the personal data is required by paragraph (1).

(4) If a person fails to supply any information or produce any document within 14 days of his being required to do so under paragraph (1), the Society may seek an order of the relevant court requiring the information to be supplied or the document to be produced.

(5) For the purposes of this article, the “relevant court” means—

(a) the county court; or

(b) if—

(i) the information or document relates to the fitness to practise of a registered pharmacist, and

(ii) the person against whom the order is sought is domiciled in Scotland, the sheriff in whose sheriffdom that person is domiciled.

Disclosure of fitness to practise matters in the public interest

47.—(1) The Society may, if it considers it to be in the public interest to do so, publish, or disclose to any person, information—

(a) which relates to a particular pharmacist’s or pharmacy technician’s fitness to practise, whether the matter to which the information relates arose before or after his registration, or arose in the United Kingdom or elsewhere; or

(b) of a particular description related to fitness to practise in relation to every pharmacist or pharmacy technician, or to every pharmacist or pharmacy technician of a particular description.

(2) For the purposes of paragraph (1)(b) above, the Society need not consider whether it is in the public interest to publish or disclose the information in question in relation to each individual pharmacist or pharmacy technician to whom it relates.

Impairment of fitness to practise

48.—(1) A person’s fitness to practise shall be regarded as “impaired” for the purposes of this Order only by reason of—

(a) misconduct;

(c) adverse physical or mental health;

(d) failure to comply with a reasonable requirement imposed by an individual assessor or an assessment team in connection with carrying out a professional performance assessment;

(e) a conviction in the British Islands for a criminal offence;

(f) a conviction elsewhere than in the British Islands for an offence which, if committed in England and Wales, would constitute a criminal offence;

(24) 1998 c.29.

- (j) a police caution in the British Islands; or
- (k) a determination made by a regulatory body in the United Kingdom responsible under any enactment for the regulation of a health or social care profession to the effect that his fitness to practise as a member of a profession regulated by that body is impaired, or a determination by a regulatory body elsewhere to the same effect.

(2) The demonstration towards a patient or customer, or a prospective patient or customer, of a pharmacist or pharmacy technician of attitudes or behaviour from which that person can reasonably expect to be protected may be treated as misconduct for the purposes of paragraph (1)(a).

(3) References in this article to a conviction include a conviction by court martial.

(4) A person's fitness to practise may be regarded as impaired because of matters arising—

- (a) outside the United Kingdom; and
- (b) at any time.

(5) The Council may make such provision in rules as it considers appropriate in connection with the information to be provided to the Registrar by a registrant about fitness to practise matters that arise while he is registered.

(6) If a registrant fails to comply with rules under paragraph (5), the failure may be treated as misconduct for the purposes of paragraph (1)(a) and the Registrar shall consider, in accordance with article 49(1), whether to refer the matter to the relevant fitness to practise committee.

Initial action in respect of allegations

49.—(1) Where—

- (a) an allegation is made to the Society against a registrant that his fitness to practise is impaired; or
- (b) the Society has information that calls into question a registrant's fitness to practise, but no allegation to that effect has been made against him to the Society,

the Registrar shall, except in such cases and subject to such considerations as the Council may prescribe, refer the matter (referred to in this article as “the allegation”) to the Investigating Committee.

(2) Rules under paragraph (1) may in addition provide—

- (a) for the allegation to be referred instead, in prescribed cases, to the Disciplinary Committee or the Health Committee; and
- (b) that where the Registrar—
 - (i) refers a case to the Disciplinary or Health Committee; and

53.—(1) The Council may make rules authorising the Registrar and fitness to practise committees to give directions, in such circumstances as may be prescribed (including during proceedings of the committee), requiring an assessment of the standard of a registrant's professional performance by an individual assessor or an assessment team.

(2) The Council may make such provision in rules in connection with the composition of professional performance assessment teams, and functions of and procedures to be followed by individual assessors and assessment teams, as it considers appropriate, and may in particular make provision with regard to—

- (a) the Society entering into arrangements with other bodies for those bodies to provide individual assessors or assessment teams to carry out the assessments;
- (b) allowing an assessment by an individual assessor or an assessment team to include an assessment of the standard of a registrant's professional performance both at any time prior to the assessment and at the time of the assessment; and
- (c) referring to the Investigating Committee or the Disciplinary Committee a case where an individual assessor or an assessment team considers that a registrant has failed to comply with a reasonable requirement that he or it has imposed on him.

(3) An individual assessor or an assessment team, in connection with carrying out an assessment of the standard of a registrant's professional performance—

- (a) may require the production of, inspect and take copies of any records (in whatever form they are held) arising out of or related to the registrant's professional practice; and
- (b) where such records are kept otherwise than in legible form, may require a copy of them to be given to the team in a legible form.

(4) Nothing in, or in rules under, this article shall require or permit—

- (a) any disclosure of information which is prohibited by or under any enactment, but where that prohibition arises because the information is in a form which allows for the identification of an individual, an individual assessor or an assessment team, when requiring the production of records under paragraph (3)(a), may require that the records be put in a form which does not allow for the identification of that individual; or
- (b) the production of records which a person could not be compelled to produce in civil proceedings in the High Court or the Court of Session under article 56.

(5) In determining for the purposes of paragraph (4)(a) whether a disclosure of personal data is prohibited, it shall be assumed, for the purposes of section 35(1) of the Data Protection Act 1998⁽²⁷⁾ (disclosures required by law or made in connection with legal proceedings etc.), that disclosure of the personal data is required by paragraph (3).

(27) 1998 c.29.

(6) If a person fails to produce any records within 14 days of his being required to do so under paragraph (3), the Registrar or the committee on whose behalf the individual assessor or an assessment team is carrying out the assessment in connection with which the records are being sought may seek an order of the relevant court requiring the records to be produced.

(7) For the purposes of this article, the “relevant court” means—

Interim Orders

54.—(1) Where the Health Committee or the Disciplinary Committee is satisfied that it is necessary for the protection of members of the public or is otherwise in the public interest, or is in the interests of a registrant, for the registration of that registrant to be suspended or to be made subject to conditions, the Committee may make an order—

- (a) that his registration be suspended during such period not exceeding 18 months as may be specified in the order (an “interim suspension order”); or
- (b) that his registration shall be conditional on his compliance, during such period not exceeding 18 months as may be specified in the order, with such requirements specified in the direction as the Committee thinks fit to impose (an “order for interim conditional registration”).

(2) Subject to paragraphs (7) and (8), where the Health Committee or the Disciplinary Committee has made an order under paragraph (1), the Committee that made the order—

- (a) shall review it within the period of 6 months beginning on the date on which the order was made, and shall thereafter, for so long as the order continues in force, further review it—
 - (i) before the end of the period of 6 months beginning on the date of the decision of the immediately preceding review, or
 - (ii) if after the end of the period of three months beginning on the date of the decision of the immediately preceding review the person concerned requests an earlier review, as soon as practicable after that request; and
- (b) may review it where new evidence relevant to the order has become available after it was made.

(3) Where an interim suspension order or an order for interim conditional registration has been made in relation to any person under any provision of this article (including this paragraph) the committee that made the order (or the committee that is treated as the committee that made the order by virtue of paragraph (8)(a)) may—

- (a) revoke the order or revoke any condition imposed by the order;
- (b) add to, remove or otherwise vary any condition imposed by the order; or
- (c) if satisfied that to do so is necessary for the protection of members of the public or is otherwise in the public interest—
 - (i) replace an order for interim conditional registration with an interim suspension order having effect for the remainder of the term of the previous order, or

(ii) replace an interim suspension order with an order for interim conditional registration having effect for the remainder of the term of the previous order.

(4) If an order is made under any provision of this article, the Registrar shall without delay send a notification of the order to the person to whose registration it relates at his last known home address.

(5) The Society may apply to the relevant court for an order made by the Health Committee or the Disciplinary Committee under paragraph (1) or (3)—

- (a) to be extended;
- (b) that has been extended to be further extended,

and on such an application the relevant court may extend, or further extend, for up to 12 months the period for which the order has effect.

(6) Any reference in this article to an interim suspension order, or to an order for interim conditional registration, includes a reference to such an order as extended under paragraph (5).

(7) For the purposes of paragraph (2), the first review after the relevant court's extension of an order made by the Health Committee or the Disciplinary Committee, or after a replacement order made by the Health Committee or the Disciplinary Committee under paragraph (3)(c), shall take place—

- (a) if the order (or the order which has been replaced) has not been reviewed at all under paragraph (2), within the period of 6 months beginning on the date ("the relevant date") on which the relevant court ordered the extension or on which a replacement order under paragraph (3)(c) was made; and
- (b) if the order has been reviewed under paragraph (2), within the period of three months beginning on the relevant date.

(8) Where one of the Committees that may make orders under this article has made such an order but then refers the related fitness to practise case under rules made under article 59(3)(g)(ii) or (h)(ii) to the other Committee that may make orders under this article—

- (a) the order that has been made under this article is to be treated as made by the Committee to which the case is referred; and
- (b) as soon as is practicable, the Committee to which the case is referred must review the order.

(9) A registrant who is aggrieved by a decision of the Health Committee or the Disciplinary Committee to make or vary an order under this article may appeal against that decision to the relevant court, and the court may—

- (a) in the case of an interim suspension order, terminate the suspension;
- (b) in the case of an order for interim conditional registration, revoke or vary any condition imposed by the order; and
- (c) in either case, substitute for the period specified in the order (or in the order extending it) some other period which could have been specified in the order when it was made (or in the order extending it),

but unless the court otherwise directs the order shall remain in force pending the outcome of the appeal.

(10) The decision of the relevant court on any application under paragraph (9) shall be final.

(11) If an order is made in relation to any person under this article and that order remains in effect immediately before the determination in respect of the allegation against that person under article 51(1) or 52(1), the committee considering that allegation shall revoke the order once it has determined whether or not the person's fitness to practise is impaired.

(12) In this article "the relevant court" means—

- (a) in a case relating to a registered pharmacist who is domiciled in Scotland, the Court of Session; and
- (b) in any other case, the High Court.

Restoration of names to the register: fitness to practise

55.—(1) Subject to paragraph (2)—

- (a) a person whose name has been removed from one or both of the Society’s registers in accordance with a direction under article 52(3)(b) or (4)(a)(i) or (b)(iv) may apply to the Registrar for his name to be restored to any register from which he has been removed; and
- (b) the Registrar shall refer that application to the Disciplinary Committee.

(2) An application may not be made under paragraph (1)—

- (a) before the expiration of five years from the date of removal; or
- (b) within 12 months of the date of an earlier application under paragraph (1) in respect of that person.

(3) The Council may make such provision in rules in connection with applications for restoration by virtue of paragraph (1) as it considers appropriate, and may in particular make provision with regard to—

- (a) the form and manner in which applications for restoration are to be made (and the rules may provide that applicants shall apply using application forms that are in such form as the Council may determine from time to time);
- (b) the information to be provided by the applicant, including—
 - (i) the name under which he intends to practise, or in the case of a person who does not intend to practise, the name by which he is generally known, and
 - (ii) his home address;
- (c) whether any, and if so what, additional education, training or continuing professional development is required before restoration, and the rules may make provision for these issues to be determined in individual cases by the Continuing Professional Development Committee;
- (d) fitness to practise matters; and
- (e) refusal of applications (including where the applicant has not paid the fee prescribed under article 40(1)(a)).

(4) An application under this article shall not be granted unless the person applying for his name to be restored to the register provides such evidence of his fitness to practise as the Disciplinary Committee directs.

(5) Where the Disciplinary Committee refuses an application for restoration to one of the Society’s registers, the Registrar shall send to the applicant at his last known home address a statement in writing notifying him of the reasons for the decision.

(6) If the Disciplinary Committee grants the application, it may give a direction that the person’s registration shall be conditional upon his compliance, during a period specified in the direction not exceeding 3 years, with such requirements specified in the direction as the Committee thinks fit to impose for the protection of the public or in the person’s interests.

(7) Where the Disciplinary Committee gives a direction under paragraph (6), that direction shall, for the purposes of article 52(4), be treated as a direction under article 52.

(8) If the application under this article relates to both of the Society’s registers, the Disciplinary Committee—

- (a) shall make separate determinations under this article in relation to each register; and
- (b) may give a direction under paragraph (6) in relation to only one of the registers or different directions in relation to each register,

but may otherwise deal with the matter as a single case.

(9) If, during a continuous period when a person is not registered, a person makes two or more applications under this article in respect of a register and the applications are refused, the Disciplinary Committee may direct that he may make no further applications under this article in respect of that register (if the applications related to both registers and the applicant has been restored to neither register, the direction may cover both registers).

(10) If the Disciplinary Committee gives a direction under paragraph (6) or (9), the Registrar shall on its behalf send to the person concerned at his last known home address a statement in writing notifying him of—

- (a) the reasons for the direction; and
- (b) his right of appeal under article 56.

Appeals against appealable fitness to practise decisions

56.—(1) The following decisions are appealable fitness to practise decisions for the purposes of this Part—

- (a) a decision of the Registrar under article 41 to refuse an application for restoration to one of the Society’s registers for a reason that relates to the applicant’s fitness to practise;
- (b) a decision of the Health Committee under article 51 to give a direction for suspension or for conditional registration or varying the conditions imposed by a direction for conditional registration (including a decision to give such a direction that extends an earlier direction);
- (c) a decision of the Disciplinary Committee under article 52 to give a direction—
 - (i) to remove a person from a register, or
 - (ii) for suspension or conditional registration or for varying the conditions imposed by a direction for conditional registration (including a decision to give such a direction that extends an earlier direction);
- (d) a decision of the Disciplinary Committee under article 55(6) to give a direction for conditional registration; and
- (e) a decision of the Disciplinary Committee to give a direction under article 55(9) that a person may make no further applications under that article in respect of a particular register (or both registers).

(2) A person in respect of whom an appealable fitness to practise decision has been made may appeal against that decision to the relevant court, provided that he does so (subject to any rules of the relevant court in respect of the admissibility of applications to it) within 28 days beginning with the date on which the written notice of the reasons for the decision was sent to him.

(3) In this article and article 57, “the relevant court” means—

- (a) the High Court; or
- (b) as regards an application relating to registration in the Register of Pharmacists, if the person making the appeal is domiciled in Scotland, the Court of Session.

(4) Having considered the appeal, the relevant court may—

- (a) dismiss the appeal;
- (b) allow the appeal, and—
 - (i) quash the decision appealed against, or

- (ii) in the case of an appeal in respect of a direction, quash the direction in respect of which the appeal is made;
- (c) in the case of an appeal in respect of a direction, substitute for the direction any other direction that the committee or person giving the direction could have given; or
- (d) remit or refer the case to the Registrar, the Health Committee or the Disciplinary Committee for him or it to dispose of the matter in accordance with directions from the relevant court,

and may make such order as to costs or, in Scotland, expenses as the relevant court thinks fit.

The taking effect of directions in respect of appealable fitness to practise decisions

57.—(1) Where an appealable fitness to practise decision is taken in respect of a direction, that direction shall not take effect—

- (a) until the period for bringing an appeal in respect of the direction has expired; or
- (b) where an appeal is brought within the period for bringing an appeal, until the date on which the appeal is finally disposed of, or is abandoned or fails by reasons of its non-prosecution.

(2) Where an appeal is brought, within the period for bringing an appeal, against an appealable fitness to practise decision in respect of a direction (“the later direction”) that extends, varies or replaces an earlier direction, the earlier direction shall continue to have effect until the date on which the appeal is finally disposed of, or is abandoned or fails by reason of its non-prosecution.

(3) Where, as a result of the extension of an earlier direction pursuant to paragraph (2), a later direction takes effect on a date after it was due to take effect, the period for which the later direction was originally expressed to have effect (howsoever expressed) shall be treated as commencing—

- (a) on the date on which it was originally due to take effect; or
- (b) if this would mean that the later direction would in practice expire before it commences, on the date on which the appeal is finally disposed of, or is abandoned or fails by reason of its non-prosecution.

Interim measures pending a direction taking effect

58.—(1) Where—

- (a) the Health Committee gives a direction for suspension under article 51; or
- (b) the Disciplinary Committee gives a direction for suspension, or to remove a person from a register, under article 52,

if the Committee is satisfied that to do so is necessary for the protection of members of the public or is otherwise in the public interest, or is in the best interests of the person who is the subject of the direction, it may order that his registration in the register shall be suspended forthwith, pending the coming into force of the direction.

(2) Where—

- (a) the Health Committee gives a direction for conditional registration under article 51; or
- (b) the Disciplinary Committee gives a direction for conditional registration under article 52 or 55(6),

if the committee is satisfied that to do so is necessary for the protection of members of the public or is otherwise in the public interest, or is in the best interests of the person who is the subject of the direction, it may order that his registration in the register shall be conditional upon his compliance, pending the coming into force of the direction, with such requirements specified in the order as the Committee thinks fit to impose.

EXPLANATORY NOTE

(This note is not part of the Order)

This Order sets out the arrangements for the professional regulation of pharmacists in Great Britain and pharmacy technicians in England and Wales. The arrangements for pharmacists replace those set out in the Pharmacy Act 1954, which is repealed.

This Order contains the necessary legislative framework for the implementation, in Great Britain, of Council Directive [85/432/EEC](#) concerning the co-ordination of provisions laid down by law, regulation or administrative action in respect of certain activities in the field of pharmacy⁽¹⁰¹⁾, as amended⁽¹⁰²⁾, and Council Directive [85/433/EEC](#) concerning the mutual recognition of diplomas, certificates and other evidence of formal qualifications in pharmacy⁽¹⁰³⁾, as amended⁽¹⁰⁴⁾. The

⁽¹⁰¹⁾ OJ No. L 253, 24.9.1985, p.34.

⁽¹⁰²⁾ Council Directive [85/432/EEC](#) has been amended by Directive [2001/19/EC](#) (OJ No. L 206, 31.7.2001, p.1) and is repealed by Directive [2005/36/EC](#) (OJ No. L 255, 30.9.2005, p.22).

⁽¹⁰³⁾ OJ No. L 253, 24.9.1985, p.37.

implementing measures in respect of these directives were previously set out in the Pharmacy Act 1954. It also contains measures relating to the implementation in England and Wales, as regards pharmacy technicians, of Council Directive [92/51/EEC](#) on a second general system for the recognition of professional education and training([105](#)), as amended([106](#)).

Part 1 contains preliminary matters. These include the commencement arrangements and the interpretation provisions (articles 1 and 3). Parts 1, 2 and 7 of the Order extend to Great Britain, but Part 3, which relates to the registration of pharmacy technicians, only extends to England and Wales – and Parts 4 to 6, in so far as they relate to registered pharmacy technicians or applicants for restoration to their register, also only extend to England and Wales. In addition, where other legislation is amended, the amendments have the same territorial extent as the provisions being amended (article 2).

Article 4 contains general duties of the Royal Pharmaceutical Society of Great Britain (“the Society”). These include the main purpose of the Society, when exercising functions that affect the health and safety of the public, which is to protect, promote and maintain the health and safety of the public. There are also duties to have proper regard to specified interests, and in respect of co-operation with specified bodies (article 4).

There are new powers in respect of the composition, membership and functions of the Council of the Society (“the Council”), and the Council is given various duties in respect of publications, including publication of annual accounts and an annual report (articles 5 and 6).

The Society is to have six statutory committees, and provision is made for the Council to make rules in connection with such matters as their size, composition, membership, procedures and functions (article 7). There is also provision for the Council to determine remuneration and allowances for its own members, members of the statutory committees, and for specialist advisers (article 8). The Council of the Society is to keep appointed a Registrar and may also appoint a Deputy Registrar (article 9).

Part 2 contains provisions relating to registration of pharmacists in Great Britain. The Registrar is to continue to maintain the Society’s existing register of pharmacists, which is to be divided into two parts: a practising part and a non-practising part (article 10). There are provisions relating to entitlement to registration: registrants must be appropriately qualified, be fit to practise, and where appropriate have met additional requirements as to education, training, experience and continuing professional development (article 11). There is also provision in respect of the recognition of qualifications and of additional education, training and experience (article 12). There are also a range of functions relating to the education and training of pharmacists and those wanting to join this profession, including the approval of qualifications, premises and providers of education and training (articles 13 to 15). There are also supplemental provisions, including a rule making power in respect of the process underpinning the carrying out of the Society’s various functions under articles 14 and 15 (article 16).

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

There are rule making powers in respect of applications for registration, or retention in the registers, and provision in respect of notification of decisions and the time limits within which certain applications by pharmacists need to be processed (articles 17 and 18). There are a number of restrictions relating to registration and the unlawful use of certificates of registration, and these include restricting the professional title “registered pharmacist” to registrants (article 20).

Part 3 contains parallel provisions relating to the registration of pharmacy technicians in England and Wales. The Registrar is to establish and maintain a new statutory register of pharmacy technicians, which is to be in two parts, a practising and a non-practising part, and which is to replace the existing voluntary register (article 21). There are transitional arrangements allowing for the transfer of certain pharmacy technicians from the existing voluntary register to the new statutory register, and for allowing persons who have been practising as pharmacy technicians onto the statutory register, even if they do not have the approved qualifications, provided they satisfy certain other criteria (Part 2 of Schedule 2). There are provisions relating to entitlement to registration: registrants must be appropriately qualified, be fit to practise, and where appropriate have met additional requirements as to education, training, experience and continuing professional development (article 22). There is also provision in respect of the recognition of qualifications and of additional education, training and experience (article 23), and a range of functions relating to the education and training of pharmacy technicians and those wanting to join this profession, including the approval of qualifications, premises and providers of education and training (articles 24 to 26). Again, as in Part 2, there are also supplemental provisions (article 27).

There are rule making powers in respect of applications for registration, or retention in the registers (article 28), and a number of restrictions relating to registration and the unlawful use of certificates of registration. These include restricting the professional titles “pharmacy technician” and “registered pharmacy technician” to registrants, although under the transitional arrangements, unregistered technicians may continue to use these titles for two years, or for longer if they have applied for registration within the two year period and their application has not been disposed of (article 29).

Part 4 contains provisions relating to matters common to both registers. The Council is to make rules relating to the form and keeping of the registers, and the Registrar is to publish lists of pharmacists and pharmacy technicians containing information derived from the entries in the registers (article 30). There is also provision in respect of the making of annotations in the registers to denote specialisations (article 31), and in respect of certificates of registration (article 32). Registrants also have continuing obligations with regard to their registration entries (article 33). The Registrar has obligations to keep the registers correct, and has powers to deal with fraudulent and incorrect entries (article 34). Provision is made to enable the Registrar to take action where he finds out, after a person is registered, about a fitness to practise matter arising before that person was registered, including powers to remove such a person from the registers. Rules may provide him with information gathering powers to assist him in finding out about such matters (article 35). Provision is also made for rules to deal with moving between the practising and non-practising parts of the registers, and for voluntary removal from the registers (articles 36 and 37).

All registrants in the practising parts of the registers are required to have adequate and appropriate professional indemnity cover, and again there are information gathering powers in respect of this requirement (article 38). All registrants in the practising parts of the registers must also undertake continuing professional development, and rules will provide for sanctions where continuing professional development obligations are not met (article 39). Provision is also made for the Council to make rules which will allow them to charge fees in connection with registration functions, and non-payment of fees may lead to applications being refused or removal from the register (article 40). There is provision for the restoration of registrants to the registers where they have been removed under Parts 2 to 4 (article 41), and for appeals to the Registration Appeals Committee against appealable registration decisions. These decisions are thereafter appealable through the courts (articles 42 to 44). There are also transitional arrangements for dealing with outstanding registration applications, including those which are under appeal (Part 3 of Schedule 2).

Part 5 contains measures relating to the fitness to practise of registrants. The Council is to publish guidance on the professional standards expected of registrants (article 45), and the Society is given powers to obtain information from third parties about a particular registrant (article 46). They may also publish any information about the fitness to practise of registrants where it is in the public interest to do so (article 47).

Provision is made about what it means for fitness to practise to be impaired (article 48) – and the framework within which allegations of impairment are to be considered is set out. Usually, cases will be considered first by the Registrar, who will then refer them on to the Investigating Committee. The Investigating Committee has power to deal with the case itself by way of warnings or advice, or may refer the matter on to the Health Committee or the Disciplinary Committee. As well as giving advice and warnings, these Committees may suspend registrants or attach conditions to their registration – and in the case of the Disciplinary Committee, may direct that the registrant be removed from the registers. There is also provision for the review of earlier decisions to suspend or impose conditions (articles 49 to 52).

The Council may also establish a scheme of professional performance assessments to assist the Registrar and the fitness to practise committees (article 53). Provision is also made for interim orders suspending registration or attaching temporary conditions to registration while an investigation is ongoing (article 54).

If a registrant has been removed from the registers for fitness to practise reasons, there are arrangements for allowing him to be restored to the registers in defined circumstances (article 55). Provision is also made for appeals to the courts against appealable fitness to practise decisions (article 56), and in respect of when fitness to practise decisions are to take effect – including provision for temporary measures pending the outcome of an appeal, if a decision is being appealed (articles 57 and 58). There are also arrangements for dealing with outstanding disciplinary proceedings under the Pharmacy Act 1954 in respect of criminal convictions or misconduct, including cases which are under appeal (Part 4 of Schedule 2).

Part 6 contains provisions relating to proceedings before a fitness to practise committee or the Registration Appeals Committee. Essentially, these matters are to be covered in rules, but there are particular provisions relating to the use of legal, clinical and other specialist advisers. There are also provisions for dealing with witness summonses and orders for the production of documents, which may be enforced through the courts (articles 59 to 62).

Part 7 contains miscellaneous measures. The Society is given a general power to charge fees, but this must not be used in areas where there are specific charging arrangements under the Order (article 63). There is provision for the Society to enter into arrangements to approve qualifications, premises and providers of education and training for pharmacists, pharmacy technicians and those wanting to join these professions outside the United Kingdom (article 64). The time limits for bringing prosecutions are extended (article 65), and provision is made in respect of the procedural aspects of rules and orders under the Order (article 66 and 69).

Consequential amendments, revocations and repeals are made in respect of other legislation, and the amendments to the Poisons Act 1972 also remove the responsibilities of the Privy Council in respect of the appointment of the Society's inspectors (article 67 and Schedule 1). Provision is also made for further transitional provisions to supplement the provisions in Schedule 2 (article 68). As well as the transitional provisions noted above, Schedule 2 also provides for certain outstanding business and premises cases to be dealt with by the Statutory Committee, established under the Pharmacy Act 1954, instead of the Disciplinary Committee (Part 5 of Schedule 2), and for the Council to deal with consequential modification of the Society's byelaws (paragraph 4 of Schedule 2).
