(6) Where, pursuant to regulation 8(5)(a), 9(3) or 11, the Secretary of State has determined that an amount shall be recovered from an ophthalmic practitioner, the Secretary of State shall direct the appropriate PCT, to recover that amount from the ophthalmic practitioner and that amount shall be a debt owed to that appropriate PCT.

(7) Where, pursuant to paragraph (5), the Secretary of State has notified the contracting PCT that the Secretary of State has taken any of the decisions specified in paragraph (4)(a) to (4)(c), whether or not the contracting PCT is also the appropriate PCT, paragraph (8) shall apply without prejudice to any other right the contracting PCT may have to take action against the relevant contractor pursuant to any term of the general ophthalmic services contract.

(8) Where this paragraph applies, the contracting PCT may, in relation to a relevant contractor, take into account the determination of the Secretary of State if it is considering, pursuant to a term of the general ophthalmic services contract that gives effect to paragraph 46(7) of Schedule 1 to the Contracts Regulations whether the cumulative effect of breaches under that contract is such that to allow the contract to continue would be prejudicial to the efficiency of the services provided under that contract.

(9) The contracting PCT shall not, pursuant to paragraph (8), take into account any notification received that relates to a determination that was made by the Secretary of State more than 6 years before the date upon which the contracting PCT is considering the matter pursuant to paragraph (8).
