(4) Where a regulated measuring instrument to which sub-paragraph (2) applies does not meet the requirements of the former law, these Regulations apply to that instrument as they apply to a regulated measuring instrument placed on the market or put into use after the commencement date which does not comply with the requirements of these Regulations.

Changes to legislation: There are currently no known outstanding effects for the *The Measuring Instruments Regulations 2016, SCHEDULE 3.* (See end of Document for details)

(5) Part 6 (Use for trade of regulated measuring instruments) applies to instruments to which sub-paragraph (2) applies as it applies to a regulated measuring instrument placed on the market or put into use after the commencement date.

(6) A certificate granted under any provision of the former law has effect as if granted under the corresponding provision of these Regulations.

(7) An application to be recognised as a notified body which is made before the commencement date is to be treated as having been made under these Regulations if it meets the requirements of these Regulations.

(8) Except in a case where paragraph (7) applies, a requirement of these Regulations (“the relevant requirement”) is to be treated as having been satisfied by anything done on or after 20th April 2016 but before the commencement date where that thing—

- (a) was done for the purposes of complying with a requirement of the Directive; and
- (b) if it had been done on or after the commencement date it would have met the relevant requirement.

(9) Regulation 77 (offences by economic operators etc.) does not apply to the putting into use of—

- (a) an instrument to which paragraph (2) applies; or
- (b) an instrument of a kind which is listed in Schedule 2 (measuring instruments which may continue to be put into use).

[^{F1}Transitional provisions relating to UK withdrawal from the EU

2A.—(1) In this regulation—
“pre-exit period” means the period beginning with the commencement date and ending immediately before IP completion day;

(2) Subject to paragraph (3), where a regulated measuring instrument was made available on the market during the pre-exit period, despite the amendments made by Schedule 27 of the Product Safety and Metrology (Amendment etc.) (EU Exit) Regulations 2019, any obligation to which a person was subject under these Regulations as they had effect immediately before IP completion day, continues to have effect as it did immediately before IP completion day, in relation to that regulated measuring instrument.

(3) Paragraph (2) does not apply to—

- (a) any obligation of any competent authority to inform the European Commission or Member States of any matter; or
