Provisions for the establishment of pilot schemes include the approval of the National Assembly (Schedule 2). The National Assembly may designate neighbourhoods, particular premises or descriptions of premises for the purposes of LPS pilots schemes. Pilot Schemes may be reviewed varied or terminated (sections 29, 30, 31 and 32). Financial support is available for the developments of pilot schemes (section 34). Prescription charges under LPS will be the same as those applicable to services provided under Part 2 of the National Health Service Act 1977. Regulations may be made about the making and recovery of charges for LPS (section 35). All provisions of the 1977 Act will apply to the services provided under piloted schemes (section 36). The National Assembly will assess pilot schemes. LPS Schemes cannot be established until pilot schemes have been assessed and the National Assembly is satisfied that pilot schemes have shown that the continued provision of LPS would be in the interests of the health service (section 39).
