land (whether by way of repairing banks or walls, maintaining watercourses or otherwise); and

- (b) without prejudice to section 107(4) of the Water Resources Act 1991 (application of this section to main rivers), that work is otherwise than in connection with a main river,

the NRA or the drainage board for the internal drainage district where the work falls to be done may commute the obligation with the consent of the appropriate Minister.

- (2) Where the NRA or an internal drainage board propose to commute any obligation to which this section applies, the NRA or board shall give, in such manner as the appropriate Minister may direct, notice of—
  - (a) the proposal;
  - (b) the terms on which it is to be commuted; and
  - (c) the period within which objection to the proposal may be made.
- (3) If within one month of any notice being given under subsection (2) above the person on whom the obligation is imposed gives notice to the NRA or board of his objection to the proposal, the question whether the NRA or board shall proceed to commute the obligation shall be referred to the appropriate Minister.
- (4) The decision of the appropriate Minister on a reference under subsection (3) above shall be final.
- (5) Nothing in this section shall apply to any obligation imposed by section 25 above.

- (2) The sum to be paid in respect of the commutation of any obligation under section 33 above shall be such sum as the NRA or internal drainage board in question may, in accordance with the provisions of subsection (4) below, by order determine; and the sum so determined shall—

  - (b) fix the capital sum or terminable annuity to be paid in respect of the commutation accordingly.
- (5) In fixing any such capital sum or terminable annuity no account shall be taken of so much of the probable annual average cost as, in the opinion of the NRA or, as the case may be, the internal drainage board in question, is attributable to the fact that, by reason of—
  - (a) improvements effected since 1st January 1900 in the drainage of the land drained by a main river; or
  - (b) alterations effected since that date in the method of cultivation thereof,the volume of water which is discharged into a main river at any time is greater than it would have been if those improvements or alterations had not been effected.
- (6) If any person is aggrieved by any determination of the NRA or an internal drainage board under this section as regards the sum to be paid in respect of the commutation of any obligation, he may, at any time within three months after the date on which the NRA or board notify him of the determination, require the matter to be referred to the arbitration of a single arbitrator to be appointed, in default of agreement, by the President of the Institution of Civil Engineers.
- (7) On any reference under subsection (6) above the arbitrator may either confirm, vary or set aside the determination of the NRA or internal drainage board in question, as he thinks proper.

  - (a) it appears to either of the Ministers that a navigation authority is not exercising at all, or is not exercising to the necessary extent, the powers vested in it; and
  - (b) it appears to him desirable to do so with a view to securing the better drainage of any land,he may by order made by statutory instrument revoke, vary or amend the provisions of any local Act relating to navigation rights over any canal, river or navigable waters or to the powers and duties of the navigation authority with respect to any canal, river or navigable waters.

---

- (2) Without prejudice to the generality of the power conferred by subsection (1) above, an order under this section may extinguish, vary or suspend, during such period as the Minister making the order may think proper, any such rights, powers or duties as are mentioned in that subsection.

## CHAPTER II

### DRAINAGE RATES

#### *Levying of drainage rates*

#### **40     Levying of drainage rates**

- (1) In respect of financial years beginning in or after 1993, the drainage board for an internal drainage district may make a drainage rate in respect of agricultural land and buildings.
- (2) Every drainage rate made under this Chapter by the drainage board for an internal drainage district shall be assessed and levied, subject to and in accordance with this Chapter and any order under section 38 above, on the occupiers of hereditaments in the district; but for the purposes of this subsection and the following provisions of this Chapter the owner of a hereditament shall be deemed to be its occupier during any period during which it is unoccupied.
- (3) Every drainage rate shall be made in respect of a financial year and, without prejudice to section 50 below or any corresponding provision of any local Act, the drainage board for an internal drainage district shall not make more than one rate in respect of the same financial year.
- (4) Every drainage rate shall be made before 15th February in the financial year preceding that in respect of which it is made, but is not invalid merely because it is made on or after that date.

#### **41     Rates charged by reference to annual value of agricultural land and buildings**

- (1) Subject to section 38 above and section 47 below, a rate made by the drainage board for an internal drainage district shall be assessed at a uniform amount per pound

throughout the district on the annual value of the agricultural land or agricultural buildings in respect of which it is made.

- (2) For the purposes of this Chapter the annual value of any chargeable property shall (subject to sections 43 and 44 below) be the amount, determined in accordance with section 42 below, which is equal to the yearly rent, in respect of a holding comprising the chargeable property, at which the holding might reasonably be expected to have been let, by a prudent and willing landlord to a prudent and willing tenant, on a tenancy from year to year commencing on 1st April 1988 and on the relevant terms.
- (3) For the purposes of subsection (2) above chargeable property is let on the relevant terms if—
  - (a) the tenancy incorporates the terms set out in subsection (4) below; and
  - (b) the property is let on the terms relating to maintenance, repair and insurance of fixed equipment which are set out in the Schedule to the Agriculture (Maintenance, Repair and Insurance of Fixed Equipment) Regulations 1973.
- (4) The terms mentioned in subsection (3)(a) above are—
  - (a) a covenant by the tenant, in the event of the destruction by fire of harvested crops grown on the holding for consumption on it, to return to the holding the full equivalent manorial value of the crops destroyed, in so far as the return of that value is required for the fulfilment of his responsibilities to farm in accordance with the rules of good husbandry;
  - (b) a covenant by the tenant to insure against damage by fire all dead stock on the holding and all harvested crops grown on the holding for consumption on it;
  - (c) a power for the landlord to re-enter on the holding in the event of the tenant not performing his obligations under the tenancy agreement;
  - (d) a covenant by the tenant not to assign sub-let or part with possession of the holding or any part of it without the landlord's consent in writing.
- (5) In determining for the purposes of subsection (2) above the yearly rents at which a property might reasonably be expected to have been let, any liability for the payment of drainage rates shall be disregarded, but account shall be taken of all other relevant factors, including, in every case—
  - (a) the character and situation of the holding (including the locality in which it is situated);
  - (b) the productive capacity of the holding and its related earning capacity; and
  - (c) the level of rents for comparable lettings current on 1st April 1988.
- (6) In determining for the purposes of subsection (5) above the level of rents current on 1st April 1988 for comparable lettings—
  - (a) account may be taken of any available evidence with respect to the rents which are or were payable in respect of tenancies of comparable agricultural holdings on terms (other than terms fixing the rent payable) similar to those assumed for the holding in question; but
  - (b) the following shall be disregarded—
    - (i) any element of the rents in question which is due to appreciable scarcity of comparable holdings available for letting on such terms compared with the number of persons seeking to become tenants of such holdings on such terms;
    - (ii) any element of those rents which is due to the fact that the tenant of, or a person tendering for, a comparable holding is in occupation of

---

*Status: This is the original version (as it was originally enacted).*

---

other land in the vicinity of that holding that may conveniently be occupied with that holding; and

(iii) any effect on those rents which is due to any allowances or reductions made in consideration of the charging of premiums.

(7) In this section—

“productive capacity”, in relation to a holding, means the productive capacity of the holding determined (taking into account fixed equipment and any other available facilities on the holding) on the assumption that the holding is in the occupation of a competent tenant practising a system of farming suitable to the holding; and

“related earning capacity”, in relation to the productive capacity of a holding, means the extent to which, in the light of that productive capacity, a competent tenant practising such a system of farming could reasonably be expected to profit from farming that holding.

---

*Status: This is the original version (as it was originally enacted).*

---

purpose of securing that the burden of the drainage rates payable in respect of all chargeable properties in the district is fairly distributed so far as reasonably practicable among the persons liable to pay those rates, the board may make a determination of annual value under this section.

- (2) If the occupier of any chargeable property in a drainage district is of the opinion that, having regard to changes in the relevant circumstances, the amount of the annual value of the property should be altered for the purpose mentioned in subsection (1) above—
  - (a) he may request the drainage board in writing to make a determination under this section in respect of the property; and
  - (b) the board shall either comply with the request or, if they consider that no alteration of the value is required for that purpose, determine that the request be refused.
- (3) A determination of annual value under this section shall be a determination in accordance with section 44 below specifying as the annual value of the chargeable property in question such greater or smaller amount than the amount of the annual value as the board, having regard—
  - (a) to the changes in the relevant circumstances; and
  - (b) to any other alterations of annual values under this section made or proposed by the board,consider just for the purpose mentioned in subsection (1) above.
- (4) For the purposes of this section a change in the relevant circumstances, in relation to any chargeable property, is a change in the circumstances by reference to which the annual value of the property in question, or of any other chargeable property in the district in question, was fixed.

- (3) Subject to section 46 below (and notwithstanding anything in section 41 above), where a determination of annual value under section 43 above is made in pursuance of section 43(2) above, the annual value of the property in question shall for the purposes of—
  - (a) any drainage rate made in respect of any period included in the financial year in which the request for the determination was made; and
