PART 2

Conditions

Bathing water quality

14.—(1) Work No. 2 must not be undertaken between 15th May and 30th September (the “bathing season”) in any year unless a scheme to protect the status of bathing water quality under Directive [2006/7/EC](#) of the European Parliament and of the Council of 15th February 2006 concerning the management of bathing water quality, as determined by a review of Environment Agency baseline data before construction, has been submitted to and approved in writing by the MMO after consultation with the Environment Agency and East Lindsey District Council.

(2) The scheme must—

- (b) identify measures to be implemented to mitigate any identified risks to ensure the status of bathing water quality under the Directive is not impacted.
