EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations update references in secondary legislation to terms which have been superseded by amendments made by the Communications Act 2003 (c.21) and by the Digital Economy Act 2017 (c.30) (“the 2017 Act”). In particular, the 2017 Act enacts a new electronic communications code and these Regulations largely make amendments relating to the definitions of certain terms used in that code.

A full impact assessment has not been published for this instrument as it has no impact on the private sector or civil society organisations. An overall Impact Assessment for the reforms to the electronic communications code introduced by the 2017 Act is available at https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/524895/ECC_Impact_Assessment.pdf.
